Leo Languages is, for me, the culmination of over 30 years in language teaching.

Early memories take me back to when I was still at school and summers spent teaching English to classes of boisterous teenagers in church-halls. That did not deter me!

After graduating from Bristol, I took an English language teaching course in London and, in the mid 80's, I joined a local part-family owned business that pioneered 'living and studying' in teachers' homes worldwide. In the early 90's I established my own company, Student Reservations, which now trades as Leo Languages. In 1995, I opened a school for adults in south-east England and, following British Council accreditation and membership to English UK, the school was invited to become a member of IALC, an award-winning, global network of independent language schools.

Under the umbrella of Leo Languages, I am delighted to present, in this brochure, a comprehensive and diverse range of language courses for everyone.
